MARK JOHN GONZALVO

Great Person To Work With
Certified

Ai Specialist | Content Moderator | Customer Service | Data Analyst

BACKGROUND

I have several years of experience in customer service, technical support, content moderation and AI-related projects, handling account concerns and reviewing information while following strict guidelines.

These experiences strengthened my attention to detail, judgment, and ability to work accurately with sensitive information.

Work Experience

Content Moderator / AI Annotator / ML
Alorica Makati: Sept2024 – Dec2025

Reviewed and labeled data to train AI models while ensuring compliance with policies and guidelines. Monitored content for inappropriate, harmful, or copyright-violating material, maintaining accuracy and quality.

Recognized twice as **Top Agent** for performance and reliability, demonstrating strong attention to detail and judgment in handling sensitive information.

Content Moderator / Data Analyst
Concentrix BGC: Sept2023 – Aug2024

Reviewed and moderated user-generated content to ensure compliance with guidelines, identifying inappropriate, harmful, and explicit content, as well as suspicious activity that could indicate fraud or account misuse. I managed reports and documentation carefully, demonstrating strong attention to detail, sound judgment, and the ability to work accurately with sensitive information

Customer Service Representative (Hybrid)
Concentrix Shaw: Apr2019 – Jan2022

Managed calls, chats, and emails, resolving account concerns accurately and following policies, while developing problem-solving skills and handling confidential information to support account protection

Customer Service Representative
Concentrix Bridgetowne: Aug2017 – Feb2019

Handled call support and data entry accurately, maintained high performance, and contributed to process improvements, resulting in achieving **Top Agent Q3.**

Core Skills

- **Attention to Detail:** Completes tasks accurately, ensuring proper handling of sensitive information.
- **Adaptability:** Quickly adjusts to new tasks, systems, and workflows.
- **Multitasking:** Manages multiple tasks or cases without compromising accuracy.
- **Technical Proficiency:** Proficient with computers, software, digital platforms, and AI/data annotation tools.
- **Digital Tools:** Experienced with CRM systems, Excel/Sheets, content moderation dashboards, and AI platforms for workflow, analysis, and reporting.
